Olajumoke Ipoola

Lagos State, Nigeria.

PROFILE

I am a highly skilled front-end web developer with a passion for transforming innovative ideas into exceptional websites. I thrive in collaborative team environments, leveraging my expertise to solve challenges and contribute to the development of sustainable products. My commitment to excellence and continual learning sets me apart, as I am driven by a relentless pursuit of improvement in both my skills and the projects I undertake.

PORTFOLIO

[As a ScriptSculptor, I mold lines of code into works of digital art. Explore my creations on GitHub.](#)

WORK & LEADERSHIP EXPERIENCE

- Frontend Developer Intern (Angular)**
NDF(Nigerian Development Foundation)
September 2023 - Present
 - Actively contributed to the development of user interfaces using Angular, resulting in a more intuitive and responsive design.
 - Worked collaboratively with cross-functional teams to integrate frontend components into larger systems and projects.
- Frontend Developer Intern**
Herlign
Apr 2023 - Jun 2023
 - Collaborated closely with the team lead to develop and implement a fully functional landing page for the web application herlign.org.
 - Increased user engagement by 20%, as evidenced by improved time spent on the landing page.
- Frontend Developer**
Freelancing
Nov 2022 - Jan 2023
 - Developed 10+ custom web applications for diverse clients, addressing specific business and brand requirements.
 - Ensured a harmonious blend of creativity and functionality, contributing to an 15% increase in user engagement and satisfaction.
 - Worked on the development of send.herrands.com, a project aimed at solving specific client needs.
- Frontend Developer**
Just-do-start-up
Sep 2022 - Jul 2023
 - Worked closely with designers and backend developers to solve complex problems and deliver high-quality, user-centric features.
 - Contributed to a 15% improvement in overall project delivery time through effective collaboration and streamlined communication within the cross-functional team.
